# National Geographic Magazine Archive

## 1995-Current

*National Geographic* magazine brings the world of geography – in its broadest sense – to some 60 million readers around the globe each month. With comprehensive, timely articles as well as photographs and maps, the magazine documents life on our planet and beyond, and interprets the world's sweeping changes through the lens of personal experience.

*National Geographic Magazine Archive, 1995-Current* includes every article of *National Geographic* magazine from the mid- 1990s through to current issues.

Some of the many topics covered include:

- Ghenghis Khan
- Inca Ice Maiden discovery
- Egyptian tombs exploration
- Mustang region of Nepal
- Sita the tiger
- Hubble Space Telescope and Mars Rover
- Nenets, Masai, and Garifuna people
- Epic journeys like Megatransect and Australia by bike
- ...and many more

With only a two issue embargo, the 1995-Current archive includes very recent coverage on hot research and popular topics. Combined with the 1888-1994 content, the *National Geographic Magazine Archive* brings the history of exploration to libraries in an intuitive, easy to use digital resource.
